Hashimoto's Thyroiditis: What Is It! What Causes It! How To Manage It!

Synopsis

Millions of people are diagnosed as being hypothyroid and the main cause your thyroid is failing is because it is under attack by an autoimmune disease; Hashimoto's thyroiditis. Many are frustrated by the lack of medical care they are getting and no real relief from the debilitating symptoms of fatigue, headaches, aches and pains, weight gain, hair loss, dry skin, sore throat, and brain fog just to name a few. People are treated with thyroid replacement therapy but their autoimmune disease goes untreated. This book deals with the cause of Hashimoto's thyroiditis and how to successfully treat the autoimmune disease. It also goes into Hashimoto and pregnancy, infertility and other ailments that are caused by autoimmune disease. Full of information and advice but at a low price so every person suffering with Hashimoto's thyroiditis has a chance to read and manage their disease. To your good health!

Customer Reviews

Enjoyed thoroughly. The book was an excellent read, I love the recommendations for diet and lifestyle changes to improve quality of life

Very informative and clear on how to live a better life when doctors are unaware. Recommend for anyone researching health issues.

Great book...
