Dream study is an important aspect of Edgar Cayce's suggestions for soul growth, especially the soul growth that leads to psychic ability. After years of dream study, one morning I awoke with a dream telling me of a stranger I would marry. The dream told me about his house, his work, and his best friend. To my amazement, I saw the man in real life the next day. The details in the dream were accurate. He is now my husband. I wrote about my experiences in my book, *When We Were Gods: Insights on Atlantis, Past Lives, Angelic Beings of Light and Spiritual Awakening*. In *Dreams Your Magic Mirror*, Sechrist describes dreams that tell the future. She also describes different dream symbols under chapter headings such as "People You Meet in Your Dreams," "Dreams of Illness and Health" and "Automobiles as Symbols" just as a dream dictionary would. There are many dictionary type books that list dream symbols alphabetically such as *The Mystical, Magical, Marvelous World of Dreams* and *The Encyclopedia of Symbolism (Creative Breakthroughs Book)*. Nonetheless, *Dreams Your Magic Mirror* has always been my favorite book on dream interpretation because it expertly conveys Cayce's concepts on dream study. The most fundamental idea to grasp

is that the dream is about the dreamer.
