Subway Adventure Guide: New York City: To The End Of The Line

Synopsis

In Subway Adventure Guide: New York City, residents and tourists alike gain access to off-the-beaten-path adventures in a compact guidebook format and see the New York City that's not featured on postcards sold all over Manhattan. Each of the roughly three dozen end-of-the-line destinations spread out over New York City's five boroughs included in this easy-to-use guide, from restaurants and bars to landmarks and museums, are highlighted in great detail by authors Kyle Knoke and Amy Plitt—what to order, what to see, and how to get there. For even better exploring, each destination is organized by the more than 30 subway lines that run through the city, including handy maps with street names. From delighting in a little-known ethnic restaurant to admiring a local landmark, each adventure contained in this photo-packed pocket guide reveals a new hidden gem of the city. Van Cortlandt Park. Far Rockaway. Bay Ridge. Flatbush Avenue. Subway Adventure Guide: New York City takes you away from the tourist traps and closer to a genuine New York City experience.

Customer Reviews

I lived in New York for 16 years, so thought I knew a lot. But this book takes exploring the Big Apple to a whole new level. It's a mix of fascinating history with things to do that even the most in-the-new New Yorker will find of interest. It helped remind me what I love about NYC: the endlessly fascinating people and places. I also appreciate that many, if not most, of the things in this book won't cost you an arm and a leg. Even though I live in New Jersey now, I plan to use this book when I travel to New York, so that I can explore areas I've never heard of, as well as neighborhoods I've

either just passed through or visited once. Art, culture, food and adventure await. This is definitely a book to savor and perfect for tourists and New Yorkers alike.

I have friends coming to visit NYC from out of town. I was looking for a less touristy guide for them. This is a really cool concept that I haven't seen before. It takes a lot of the guess work out of the subway and makes it really easy to plan your destinations based on the line. The destinations are definitely more authentic than the tourist traps lots of guide books send you to. Lots of information in this book, I would even recommend it to current NYers who are looking to explore new parts of the city. I ordered a second copy for the coffee table.

For decades, I'd pondered the subway schematic map and tried to figure out a way to master it. I'd always looked at those beautifully colored lines, never grasping that it was the dots along them that mattered. Now, I take the lines one terminus at a time. I get off, walk around, visit the sites, such as they may be, have breakfast and go home. Wonderful book for me!

The book was not exactly what I expected but it wasn't bad. It could use some more on how to get to places. The subway maps were great and the subways in the city were very easy to use and very entertaining and people were always willing to help.
