Contains 120 foto', 60 in color. 80 pages, production numbers, technical details, etc. Because of the wide range of models it cannot be the ultimate bible in 80 pages, but considdering the price, it is very well spent money. Your partner will hate you for buying it!

I'm a fan of Alfa Romeo, though I've never owned one. Maybe that's why I like the car so much! Anyway, this book is helpful for novices like me. It sorts through the dizzying array of Alfa terms, models, years, equipment, etc. No, it's not perfect, far from it. But it's a big help at getting the basics.

Excellent pictures and decent read but Hodges clearly dislikes the duetto spider.

I red this book, very nice!! am author of Alfazioso, I am very happy that my book has been very appreciated in europe! I hope that the U.S Alfa's enthusiasts will be happy to read it. Arrivederci
